Re: Notice of File Closure, The Sandra J, S/019/039, Grand County, Utah

Dear Mr. Bohrer:

This letter is to notify you that the file, S/019/039, for the Sandra J project, located in Grand County, Utah, will be retired from our files.

We received notification from the School and Institutional Trust Lands Administration (SITLA) that they recently inspected the project. The inspection confirmed that no access had been granted to you. SITLA subsequently closed out their case file for this project. As your project is located on SITLA managed lands, the Division will accept SITLA's recommendation and also close our file for this project accordingly. You are hereby released from any further mining or reclamation responsibilities at this site. You will not have to pay the \$100.00 permit fee that was recently sent to you. If you plan to conduct any new mining activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval, prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5382. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Doug Jensen  
Reclamation Specialist
